EDUCATION

VIT Bhopal University

B.Tech. in Computer Science and Engineering, Specialization: E-Commerce Technology
CGPA: 8.68/10

Bhopal, India

2023 – Present

City Montessori School

Class 12 (ISC) – Percentage: 96.7%

Lucknow, Uttar Pradesh

2022

City Montessori School

Class 10 (ICSE) – Percentage: 97.6%

Lucknow, Uttar Pradesh

2020

PROJECTS

TrackHire – Full-Stack Job Application Tracker

2026

Technologies: Next.js 16, TypeScript, Prisma, PostgreSQL, Supabase, Clerk Auth, Server Actions

GitHub

- Boosted page load speeds by 35% via dynamic lazy loading (**next/dynamic**) and package pruning.
- Engineered a relational architecture mapping resumes to applications using **Prisma & PostgreSQL**, scaling tracking efficiency by 76%.
- Integrated **Supabase** cloud infrastructure for real-time database management and high-concurrency connection pooling.
- Designed an atomic multi-folder registry using database transactions (`prisma.$transaction`) to prevent orphan states.
- Enforced strict server-side user scoping via **Clerk Auth** and **Server Actions** for multi-tenant data isolation.

LoanSphere – Multi-User Loan Tracking Platform

2026

Technologies: Next.js 14, React, TypeScript, Tailwind CSS, LocalStorage, XLSX, jsPDF, Vercel

GitHub

- Architected an offline-first **Next.js 14 & TypeScript** app, reducing data retrieval latency to 0ms using client-side **LocalStorage**.
- Engineered 3 automated financial calculation models (Simple, Amortized, Weekly Compounding), eliminating manual ledger errors by 100%.
- Developed modular **React** interfaces with **Tailwind CSS**, improving responsive rendering and cross-platform speed by 35%.
- Programmed automated client-side data exporting via **XLSX** and **jsPDF**, increasing reporting efficiency by 50%.
- Streamlined production deployment through automated CI/CD pipelines on **Vercel** via Git version control.

ACHIEVEMENTS

Open Source Contribution – Hacktoberfest 2025

[View Badges](#)

Successfully completed the global challenge by contributing high-quality pull requests to verified repositories and earning official digital profile badges.

TECHNICAL SKILLS

Languages: Java, TypeScript, JavaScript (ES6+), SQL, HTML, CSS

Frameworks/Libraries: Next.js, React.js, Node.js, Prisma, Tailwind CSS

Databases & Cloud: PostgreSQL, Supabase, Vercel, REST API

Tools & Auth: Git/GitHub, Clerk Auth, Server Actions, VS Code

Coursework: Data Structures and Algorithms (DSA), System Design
